

Calgary, Alberta & Palliser's Triangle

**The Act  
for enabling the people upon these lands**

**Court of  
Authentic Living  
“Live Authentically”**

**Eternally dated**

# THE ACT FOR ENABLING THE PEOPLE UPON THE LANDS KNOWN TO THE COMMON-WEALTH AND THE WORLD AT LARGE AS: CALGARY, ALBERTA & PALLISER'S TRIANGLE.

Whereas the elements of the *Canadian Constitution* are a unique combination of major features, such as: parliamentary democracy, federalism, monarchism, individual and group rights, and Aboriginal rights. And whereas the Sources of the *Canadian Constitution* are many and at the present moment unascertainable to the common minds of these lands.

And whereas conventions and other such practices have been prescribed in order to grant assurances, to individuals and entities who mistreat children and other such vulnerable people within their borders. And whereas, there is little if any compensation provided to those termed victims, whether real or not real.

And whereas it is commonly known, that the churches, banks, charities, governments, and other such authorities are no longer providing sanctuary, reprieve and restoration to the well-being of not only all, but those who they are stewarding and have received great benefit through.

And whereas all lands here, near and even far away are caught within an incalculable and unjust debt, which was exacted before the physical existence of all who dwell upon these lands.

And whereas, the courts and infrastructure set up as parties to, both within and above, the municipal corporations are through force; creating futility for, within and against, the individuals who work to pay this incalculable and unjust debt.

And whereas, the people of these lands have been trained by many who are foreign to them, for purposes which are harmful to the well-being of all individuals and entities, residing upon these lands.

And whereas, there are no longer mechanisms, networks, guilds, establishments or other such capabilities of Law great enough to withstand the corrupting forces which are working upon the nature of these lands.

And whereas, there are none upon these lands who have a full comprehension of how the aforesaid institutions, corporations, governments and other such entities operate, function and derive their value.

And whereas, there are none upon these lands with the general capacity to provide remedy and solutions for all who dwell in these lands.

We hereby announce, the return of Lemuria's Light and do now enact the restoration of truth and love upon these lands.

And we court all common-folk who are able bodied and of sound mind, to come together in order to support, sponsor, host, trade, gift, discuss, and other such acts of kindness to one who is known to all in these lands. As it has been proven both in arts and works that generosity, charity, love, wisdom and kindness are qualities which reside within the very nature of this being.

As We establish the court upon these lands, known today as the Court of Authentic Living or styled as "Live Authentically." For the purposes of restoring authentic living for the well-being of every child, woman and man who presents themselves before the court.

We hereby today combine and evoke the power of two messages which are currently separated in the minds of all who are common to these lands. As we work to restore memory to the common mind and thus ensure that the peace upon these lands is not disturbed in the same manner or degree to which it will be for all those outside of these lands: "Lest we forget" that "every child matters."

This we do solemnly, by the hand of our JESTER, who has arrived to uplift all through creativity and the might of their, endearingly termed, liquid swords; which they have kept hidden since their very inception.

***Come one and come all, cry out in joy and uplift yourselves into the grace of the experience age!***

#### DEBRIEF & SUMMARY END NOTES

Whereas The *Canadian Constitution* is the supreme law of Canada, and any law that is inconsistent with the provisions of the constitution is, to the extent of the inconsistency, of force or no effect. The Court of Authentic Living Recognizes this supremacy and seeks to reincorporate Calgary, Alberta & Palliser's Triangle into this general assembly, should the moment come when the promises of rulers and all previous acts to secure and grow the rights and freedoms outlined within the Canadian Government can be met by the aforesaid governing bodies.

All deals and treaties previously outlined shall continue to exist and be held by the Court of Authentic living as to remain good and honorable trade neighbours with the parties that previous governments have agreed to. However it is noted within the Court of Authentic Living that many precedents have been set and cased into the Legal Systems which control the minds of the common-people, and which do encroach on the rights of all who dwell or reside within Canada and especially the individuals and entities upon the lands of Calgary, Alberta & Palliser's Triangle. Therefore, the Court of Authentic Living, is enacted as a force of nature at this moment, due to many of the failed mechanisms and legislatures which were seemingly put in place with good intention and yet continue to sustain a futile way of life for all who strive to follow the corrupted powers which still grasp at sovereignty to the exclusion of all the people who complete the work to uphold, support and maintain the very system and principles, which Canada was founded

upon, even to their own ruin and when providence could be the path which is followed.

The installation of One Court of Authentic Living, with One General of the Court until such time that Appellate Courts of Authentic Living, in accordance with Multiple Councils and with the installation of Lieutenant Generals of the Court is prudent for an area and population within the size and scope of Calgary, Alberta & Palliser's Triangle and should not be assumed to be of the same design as with other systems of Governance that currently exist upon these lands and many others.

While we recognize that Canada was founded upon principles which recognize the supremacy of God and the rule of law. The Court of Authentic living also recognizes that this is not clear in the common-mind of both those who believe in this supremacy and do not believe in this supremacy and therefore it is right that the Court of Authentic Living is only concerned with restoring the rule of law for the common-good of the people who dwell, reside and travel through the lands of Calgary, Alberta & Palliser's Triangle.

The Court of Authentic Living also recognizes that due to the corrupted nature of many of the dealings, trades, negotiations, barriers and the like both within and outside the lands of Calgary, Alberta & Palliser's Triangle that special actions will need to be and shall be utilized in restoring truth and love to their rightful priority places within the hierarchy of qualities in the common-mind, while seeking and ensuring that the Peace is not disturbed.

The Court of Authentic Living recognizes that certain rights and freedoms are in fact inalienable to all children, women and men in all lands, and yet this fact alone does not guarantee these unless the common-mind can ascertain the truth of this fact, and also the reason and rationale for upholding principles of integrity, honesty and the willingness to "face the music" before practices which begin as disingenuous become habitual and lead to the "slippery slope" which the common-mind understands yet currently does not comprehend.

The Court of Authentic Living recognizes that precedents currently unascertainable to the common-mind have already been set and established in other lands to provide their societies with portions of the Great Vision of this Court. As well there have been many to fail upon the road to providence and therefore it is wise of the Court of Authentic Living to not make any promises to anyone or any group. Until the moment arrives wherein the people upon the lands of Calgary, Alberta & Palliser's Triangle; likely individually at first and later by way of groups with ever increasing amounts of individuals, come to support through their own energy, talents, professions resources, skills and the like. So as to generate a force strong enough to withstand the pressures which are coming to these lands and people. As many undue and unjust burdens are being added to the stockpile, driven largely by the actions of the parent Nation and the World at Large. Thus it is right that the Court of Authentic Living, now prepares the people to not only protect themselves, but also learn how to transmute this burden into something glorious.
